

BIYEME Florent

Chargé de cours

Génies Industriel et Mécanique

- Identification and measurement of lost time as an indicator of the performance of the industrial system. Florent Biyeme; J.R Lucien Meva'a; Joseph Voufo; Theodore Tchotang ; Donald Nanfack Njedock. **International Journal of Latest Research in Engineering and Technology (IJLRET)** August 2018
- Prédictive Analysis of value Of informationFlow On The Shop Floor Of Developing Countrie Using Artifitial Neural Network Based Deep Learning. André Mbakop; Florent Biyeme; Joseph Voufo;J.R. Lucien Meva'a. **Heliyon** October 2021
- Moving to a Flexible Shop Floor by Analyzing the Information Flow Coming from Levels of Decision on the Shop Floor of Developing Countries Using Artificial Neural Network: Cameroon, Case Study; André Mbakop; Joseph Voufo; Florent Biyeme; Lucien Meva'a ; **Global Journal of Flexible Systems Management** March 2022
- Comparative Classification Algorithms for the Analysis of the Value of Information Flow for Decision Making in Small Manufacturing Companies of Developing Countries André Mbakop; Joseph Voufo; Florent Biyeme; Louise Angéle Ngozag ; Pélagie Flore Temgoua Nanfack; Lucien Meva'a: **international Journal of Engineering Research & Technology (IJERT)**ISSN: 2278-0181; January 2022
- Performance Improvement in Manufacturing Shop Floor Operations of Developing Countries Based on Three Characteristics of Information Flow Joseph Voufo; André Mbakop; Florent Biyeme;Rolland Djomi ; Pélagie Flore Temgoua Nanfack; Lucien Meva'a .; **Journal of Computer and Communications**; January 2022
- Reducing Greenhouse Gas Emissions through Improving the Life Span of Wooden Power Electric Poles of Eucalyptus saligna. Joseph Voufo; Zakari

Yaou; Florent Biyeme;; Rolland Djomi; Richard Dadji Metangmo; Theodore Tchotang. **Heliyon** November 2021

- Analysis of Information Flow Characteristics in Shop Floor: State-of-the-Art and Future Research Directions for Developing Countries. André Mbakop; Joseph Voufo; Florent Biyeme; Louise Angéle Ngozag; Lucien Meva'a. **Global Journal of Flexible Systems Management** January 2021
- The Need for an Effective Collaborative Production-Maintenance Approach to Improve Productivity. Louise Angéle Ngozag; Joseph Voufo; Florent Biyeme; Suila Basil Yilareng ; J.R Lucien Meva'a . **Industrial Engineering Letters ISSN 2224-6096 (Paper)** November 30th 2020
 - Thermo-physical characterizationof the clay resulting from the mechanicaltreatment of the clayey ground : case of the area of Nomayos – Yaounde – Cameroun. R. Djomi; F. Biyeme; N. Yimen, C. Hamka; R. Olembe; F. Betene; T. Tchotang. **Journal of Mechanical and Civil Engineering** August 2021.
 - IndustrialElaboration by Extrucsion of PVC Tubes Loadeed with Micronized Dura Palm Kenel Shell Powder. Rolland. Djomi; Christian Mbopda Fokam Florent Biyeme; Chantal Marguerite Mveh, C. Hamka; Roland Olembe; Hypolyte Ntede; Atangana Ateba. **Journal of Material and Chemical Engineering** October 2021.
